**What People Are Saying
about Abundance Orchard**

We were so excited to find your Vacation Bible School program this year and had fun presenting it to the children of our neighborhood. Our church is located in one of the poorest sections of our city, and we have a food pantry operating out of our church also.

We chose the banner, food bags, and dry erase boards as the main crafts for the week. On the final night, we presented the banner, the third food bags and the remaining dry erase boards to our food bank as the service project for the week. Many of the children come to the food pantry, and we have reports of their surprise upon seeing the banner hanging there and being able to tell their parents, "That's my handprint!"

We used the "apple tree" in our fellowship hall for the kids to add an apple to the tree for each two cents they brought daily. To our surprise, the apples covered the tree and went down the trunk.

Thank you for providing such a fantastic VBS curriculum. We had a wonderful turnout each night. The kids really enjoyed the stories that were selected. We also had the kids work in a garden area each night. That was a lot of fun. I especially loved the simplicity of the program. The focus was on the mission, not the décor. Perfect!
